Policy Statement

The Summer Village of Yellowstone requires that all privately-owned boat lifts, pier sections and pier stands be removed from the municipal reserve areas, public parks and parkways by June 1st of each year.

Reason for Policy

The Summer Village of Yellowstone has deemed it necessary to remove the boats lifts, pier sections and pier stands to provide consistent park maintenance. Removal of these items also allows all residents in the Summer Village free and unencumbered access to the municipal reserve areas, parks and parkways.

Related Information

The Summer Village of Yellowstone does allow for storage of privately owned boat lifts, pier sections and pier stands on the public parks and parkways during the period of September 1st to May 31st of each year. Storage of these items must be to the side of the municipal reserve, park or parkway, so as to not interfere with public access to the lake.

Residents may contact the Summer Village Administration during regular office hours Monday through Friday to arrange for access through a locked gate to a park to remove their boat lift and/or pier sections.

Responsibilities

Items stored on Municipal Reserves must be tagged with a Village-issued tag that will be distributed once a Village-assigned agreement has been signed with the Village. All items not tagged with the Village assigned tag are not permitted to remain on Municipal Reserves and parkways and will be removed.

Residents wishing to store items on the Village’s Municipal Reserves must complete an agreement form (Form YSMR-0623). Forms can be requested by contacting the Village office.

The owners of the boat lifts, pier sections, or pier stands will be responsible for removing their items from the municipal reserve, parks, or parkways before June 1st. The Summer Village may remove all privately-
